Class Seminar-International Womens's Day

Date-8th March 202

The role of women in the development process of the country and also in social development is very important. In the traditional social system, women had a secondary position. They were not given any kind of development opportunity. Even the opportunity of education was not available to women. They were deprived of their rights. Social reformers in India and Maharashtra brought about social reforms for the advancement of women. Today, women are working in all fields. College students should be made more aware of Indian constitutional provisions, laws, political, social and economic rights of women.

With the aim of creating awareness among the students in this regard, a class seminar program was organized by the Department of Political Science of the college on the occasion of International Women's Day on Saturday, March 8th 2025. College students participated in this class seminar. Women were provided with opportunities in the field of education without any discrimination on the basis of caste, language, religion, etc. in the society. The educational development of women was given a boost. Due to the dedication and hard work of women in education, women are participating in all fields. College students and mothers should be aware of their culture and civilization. Women are playing an important role in all fields. They are responsible for all relationships in society. There is a need to adopt a positive attitude towards women in the social system. It is important for women to be provided with opportunities in the economic sector through self-employment and small scale industries, to receive training in this regard, and to become financially empowered. It is essential for women to be empowered so that they can enjoy their independence.

It is also necessary to respect women in the social system. The role of women in society is very important. Therefore, it is necessary for women to be empowered. This opinion was expressed by college students Asmit Akale, Nilesh Chaudhary, Manashree Sheram, Ravi Pache, Sarita Joshi and Gaurav Gajre. Head of the Department of Sociology of the college, Prof. Dr. Visakha Dere, Prof.

Class Seminar-Indian Constitution

Date-15/10/2024

College students should develop their skills and develop their overall development by participating in various activities like seminars, workshops, and elocution competitions, and their personality should be enhanced. With this aim, various extra-curricular programs were organized. A one-day seminar program on the topic of the Indian Constitution was organized for students by the Department of Political Science of the college on Tuesday, October 15, 2024.

The Constitution of India is the Supreme law of the Country. The Constitution of India is the largest Constitution. After working for 2 years, 11 months and 18 days, the Constitution of independent India was drafted by the Drafting Committee after studying the constitutions of various countries and was accepted by the people of India on 26 November 1949. The Constitution of Independent India implemented on 26th January 1950. The Indian Constitution has adopted a parliamentary democratic system of government. Students expressed their views on the nature of the Indian democratic system, the concepts of sovereign socialist secular democratic republic, fundamental rights and fundamental duties provided to citizens in the Constitution, etc.

The head of the political science department of the college, Dr. Kalpana S. Godghate, expressed the view that it is necessary for students to be aware of their constitution, fundamental rights, fundamental duties and the country's system of governance.

Report on Seminar

Listening to Music for mental health is the need of Today's

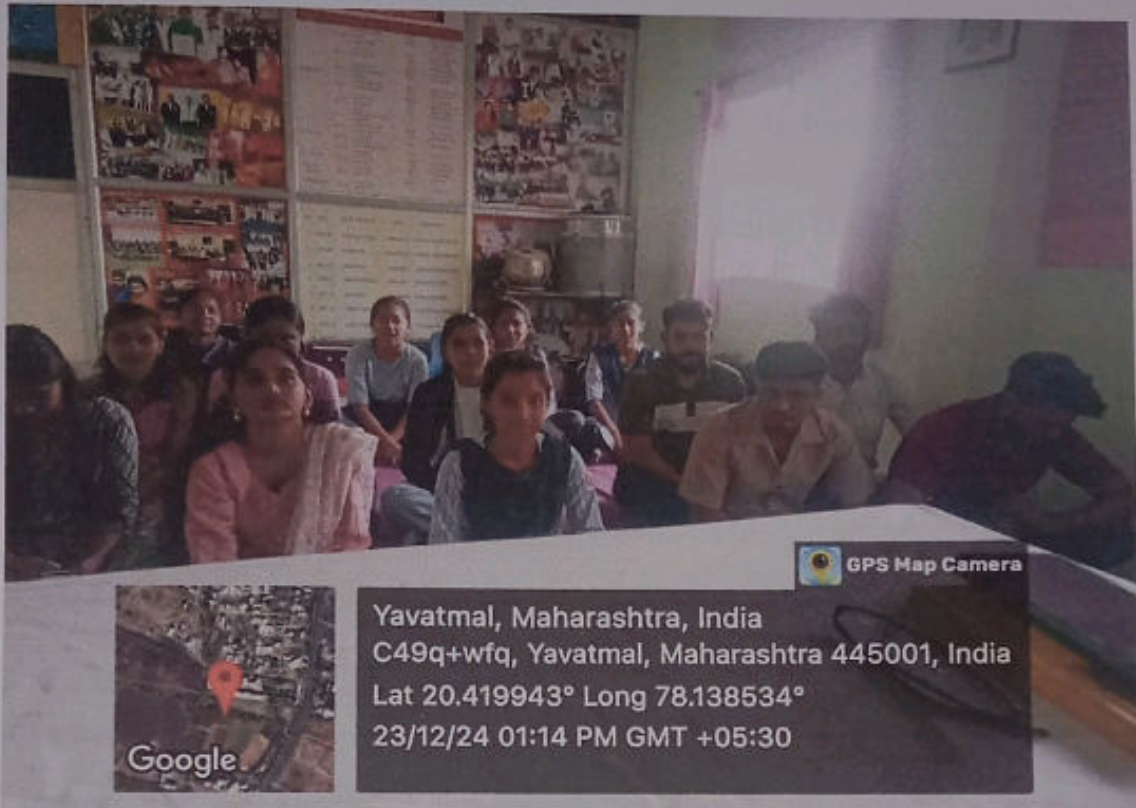

In today's stressful life, humans are running like a machine. Humans have achieved success with great menstruation, etc., but while running behind development and happiness, mental health has lost somewhere. The root of the music art is just to give happiness. On December 23, 2024, on the need for listening to music for mental health from the point of view of this and learning from the students. Asst. Prof. Vandana Ingole (Head of Music Department) was done by.

Earlier, only the temple was a place of peace. Today, human electronic equipment seems to be slave. Can't stay without a mobile. What kind of music is there to celebrate many festivals throughout the year when we celebrate religious celebrations. The recent young people dance in the song with DJ's voice. This is the medium of recent youth of being happy. But why is the mind calm? The feeling of no one is causing you to suffer because of you. The ears of the younger, the elderly, the sick, have beyond the sound of DJ. The importance of music in human life is unique. The song type of calm, devotional song, Bhavgeet, Hymns, Abhangs, Ghazals, etc. is affecting the human mind. The basis of music is a medicine today for delight, mental health and mental stress. Asst. Prof. Vandana Ingole expressed this.

The discomfort of thoughts, the human mind to stay free of tension somewhere, to keep quiet from thinking, anxiety, to calm down, listen to music At this time, Ku. Tejaswini Talamale, Janvi Chura, Suhani Pachare, Yogita Bothade, Raj Acharkate] Naina Jaiswak, Puja Butale, Chetana Uike the students also expressed their views.
