## Report on Unnat Bharat Abhiyan Program

Smt. Nankibai Wadhvani Kala Mahavidyalaya, Yavatmal, organized an outreach program under the *Unnat Bharat Abhiyan* for the villages of Gram Panchayat Takali and Moha. The program aimed at promoting social welfare and spreading awareness about important government initiatives among rural communities.

The primary objective of the program was to assist villagers in generating their **Ayushman Bharat Health Cards**, which provide access to affordable healthcare services. The team guided the villagers through the registration process and helped them successfully create their cards.

In addition to this, another important activity was carried out for the benefit of farmers. A mobile application related to agriculture was downloaded and demonstrated to the farmers. This application provides valuable information on modern farming techniques, crop management, weather updates, and government schemes, thereby helping farmers improve their agricultural practices.

The entire program was effectively conducted and coordinated by **Dr. Nikhilesh Nalode**, who ensured

active participation from the villagers and smooth execution of all activities.

The initiative proved to be highly beneficial for the rural population, enhancing their awareness about healthcare facilities and modern agricultural resources. It also strengthened the institution's commitment towards community development and rural empowerment.
