Digital Innovation in History Education – 'History Educational' YouTube Channel*

In alignment with the National Education Policy (NEP) 2020, Dr. Siddharth Bhagwan Jadhav, Head of the History Department at Smt. Nankibai Wadhvani Arts College, Yavatmal, has pioneered a digital initiative through his YouTube channel, History Educational. This platform bridges the gap between traditional academics and modern technology.

Key Features -

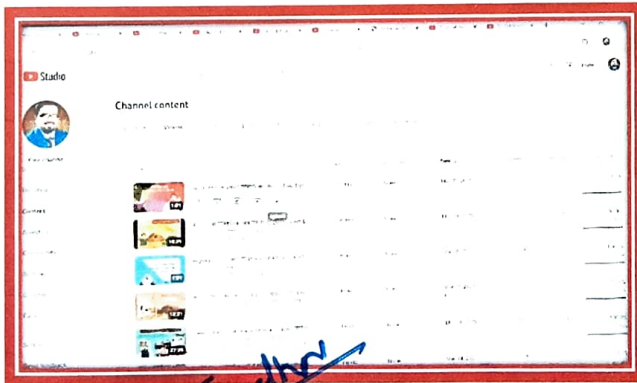

Curated Content: The channel hosts expert lectures on the Mughal and Maratha Administrations, World History (including the American Revolution and European politics), and Numismatics (Indian coinage).

Cinematic Pedagogy: -

Unlike traditional lectures, Dr. Jadhav utilizes cinematic background music, high-quality visuals, and AI-driven tools to make historical events more engaging and immersive for students.

Academic Integration:-

These videos are integrated into *Google Classroom* and *Teachmint*, providing students with a seamless blend of PDF notes, MCQs, and visual learning.

Impact Accessibility: -

Provides free, high-quality educational resources to rural students and competitive exam aspirants (NET/SET/MPSC).

Modernization: Transforms History from a static subject into a dynamic, "anytime-anywhere" learning experience.

Research Hub –

Serves as a digital archive for researchers and history enthusiasts interested in authentic historical documentation.

Prof. Dr. Siddharth B. Jadhav
Conclusion - H.O.D.

Through 'History Educational', Dr. Siddharth Jadhav has successfully redefined the role of a modern educator. By combining the expertise of a historian with the reach of a YouTuber, he has set a benchmark for digital excellence in the field of History.
