Smt.Nankibai Wadhwani kala Mahavidyalaya, Yavatmal

Report by Home Economics

Academic Programme: For the Session 2026-27

Name of the Programme: GUIDANCE TO TRIBAL FARMERS

Date of Event – 03/10/26

Description of the Programme:

Introduction

The Department of Home Economics of Smt. Nankibai Wadhwani Kala Mahavidyalaya, Yavatmal, organized a farmers' guidance meeting for tribal farmers at Gadhawa village on 3rd October 2026. The main objective of the programme was to guide farmers on agricultural practices that could help them obtain higher crop yields despite low rainfall.

Objectives of the Programme

The major objectives of the meeting were:

1. To create awareness among tribal farmers about improved agricultural practices.

2. To provide guidance on obtaining higher yields under low-rainfall conditions.

3. To encourage farmers to reduce unnecessary pesticide spraying and cultivation costs.

4. To promote economical and effective cotton crop management techniques.

Proceedings of the Programme

Due to insufficient rainfall during the current agricultural season, farmers have been facing several difficulties in crop cultivation and production. Keeping these challenges in mind, the Department of Home Economics organized this guidance programme to help tribal farmers adopt suitable and cost-effective farming practices.

Mr. Saurabh Raut, Sales Officer at Mankind Agritech Pvt. Ltd., served as the resource person for the programme. He provided valuable guidance on cotton cultivation and explained methods to achieve higher yields at a lower cost.

During his lecture, he emphasized the importance of minimizing unnecessary pesticide sprays, adopting appropriate crop management practices, and using agricultural inputs efficiently. His guidance aimed to help farmers reduce cultivation expenses while maintaining better crop health and productivity, particularly under low-rainfall conditions.

A number of tribal farmers actively participated in the meeting and benefited from the agricultural information and guidance provided during the programme.

Outcome of the Programme

The meeting helped create awareness among tribal farmers about economical cotton cultivation, effective crop management, and the importance of reducing unnecessary agricultural expenses. The programme also encouraged farmers to consider suitable farming practices to improve productivity despite the challenges posed by insufficient rainfall.

Conclusion

The guidance meeting was a meaningful initiative by the Department of Home Economics to support tribal farmers and address their agricultural difficulties. It provided an opportunity for farmers to gain useful information about cotton cultivation and low-cost farming methods.

The programme was organized under the guidance of the Principal, Mr. Jayant Chatur. The initiative reflected the college's commitment to community outreach, agricultural awareness, and the welfare of tribal farmers.
